**Pollution Control Finance Authority of Warren County  
Request for Proposals  
Closed Circuit Television (CCTV) System**

The Pollution Control Finance Authority of Warren County (Authority) would like to invite Qualified CCTV System Suppliers/Installers licensed to do business in the state of New Jersey to submit a Proposal to supply and install a Closed Circuit Television (CCTV) System at the Warren County District Landfill.

**Project Description**

The CCTV System to be supplied and installed will consist of monitoring and recording of the following locations:

- 1) (Outside Cameras) Ingress and egress of the main Landfill access gates (2 gates, 2 cameras)
- 2) (Outside Camera) Scale platform, rear of vehicle license plate (1 camera)
- 3) (Outside Dome Camera) Scale window, front of vehicle, driver windshield (1 camera)
- 4) (Outside Camera) Ingress and egress of Landfill access road (1 camera)
- 5) (Outside Camera) Ingress and egress of Convenience/Recycling Center area (1 camera)
- 6) (Inside Camera) Scale House building (1 camera)
- 7) (Inside Camera) Administration Building main door ingress and egress (1 camera)

Seven of the eight cameras to be installed will be located in and around the Landfill scale house area. All video from these cameras must be transmitted to the Authority Administration Building where the recording device will be located. There is an existing fiber optic cable between these (2) locations that the Supplier/Installer may use for transmission purposes. If the supplier/installer elects not to use the existing fiber optic cable, the supplier/installer will need to field measure the distance between the (2) locations. This measurement will need to include all above ground, underground and interior cabling lengths for proper hook-up and operation of the system. The cabling must also be rated for outdoor use.

**System Components**

<b><u>Quantity</u></b>	<b><u>Components (All components listed below are "Or Equivalent")</u></b>
1	Dedicated Micros #ECO16BCD500GB, 16 Channel Digital Recorder
1	15" Color Monitor W/ Analog Video Input
1	Ademco #NPCC24AC8UL, 8 camera power supply
5	Samsung #SDC415N, Color Camera
5	Fujinon #YV10X5BSA2L, 5-50mm, auto-iris Lens
5	APW #10MAG8 Outdoor Camera Housing
5	APW #CCHM-8P Pole mount Adapter
5	APW #CP-10 Pole Clamp Kit
2	American Fibertek #MT404C, media converter
2	American Fibertek #MR404C, media converter
4	1-meter fiber optic patch cable
1	Nuvico #CV-S266N, Mini, fixed, color dome camera, Outdoor

- 2 Nuvico #CD-S266N-I, Mini, fixed color camera, Indoor
- 1 24VAC, 40VA Power Supply (Administration Building Camera)
- 1 RG-59 coax cabling (length to be field measured by Supplier/Installer)
- 1 2 Conductor, 18AWG Wire (length to be field measured by Supplier/Installer)
- 1 Netvue (Dedicated Micros) Software (Installed on Authority's computer)

### **Supply and Installation Cost**

The Supplier/Installer shall provide a "Not To Exceed" Supply and Installation cost to the Authority of the system. Included within the "Not To Exceed" cost shall be the following:

- The Supplier/Installer shall provide training on system use and software.
- The Supplier/Installer shall provide in writing a minimum of 1-year warranty on all equipment and workmanship.
- The Supplier/Installer shall provide in writing that if any component(s) fails within the first year, the Supplier/Installer will replace within 24 hours, after notification in writing by the Authority, identical or equivalent component(s).

**Note:** The Supplier/Installer shall also be aware that the "Not To Exceed" cost for the Supply/Installation and start-up of the CCTV System shall be inclusive of all components required for a safe/proper operation of the system. The Supplier/Installer should not rely solely on the components list above for the proper safe supply, installation and start-up of the system.

### **Project Schedule**

Upon written notice of award from the Authority to the Supplier/Installer, the Supplier/Installer shall have 21 days to complete installation, start-up and training of the system.

### **Qualifications**

The Supplier/Installer shall provide evidence of past similar installations, references, years in business, a valid New Jersey Business Certificate and a valid Insurance Certificate.

Questions regarding this proposal shall be submitted in writing by 11:00 am on **June 12, 2008**.

Questions may be submitted by facsimile or mail. No questions shall be submitted by e-mail or telephone.

Proposals are to be delivered in a sealed envelope bearing the name:

### **Request for Proposals Closed Circuit Television (CCTV) System**

- . There should be one (1) original and seven (7) copies of the proposal submitted.

Proposals shall be delivered to the administrative office of the Authority, located at 500 Mt. Pisgah Avenue, P.O. Box 587, Oxford, NJ 07863 by 11:00 am on **June 19, 2008**. Only hard copies will be acceptable. Faxed, e-mailed or electronic copies will not be accepted. The Authority is not responsible for lost or undelivered proposals due to the US Postal Service, Courier Services or others.
