

PAINT and EMPTY PAINT CANS

RECYCLING and/or DISPOSAL

DRIED, SOLID PAINTS

Latex and Oil-Based Paints that are **totally dried and solid** in the can may be disposed of with your household trash at the Convenience/Recycling Center at the Warren County District Landfill.

LIQUID PAINTS

Latex Paint is no longer accepted. Leaving the lid off or adding cat litter will help in hardening (drying out) the paint. Paint hardener may be purchased at home improvement stores. Once hardened, it can then be disposed of in the trash.

Oil-Based Paint: Alkyd, Varnish, Polyurethane, Stain, and Sealers **are** hazardous wastes and should be disposed of during Household Hazardous Waste Collection Days; a one-day event held twice a year, in the spring and fall. Call 908-453-2174 for more information

EMPTY METAL and PLASTIC PAINT CANS

Metal and Plastic latex and oil-based paint cans that are empty should be disposed of in the trash.
